

En dröm för vår skola blir sann!

Elevresa till Kina 3/4 - 17/4
2015

Kära elever och föräldrar,
I dagsläget studerar
89 elever, åk 6-9, kinesiska som
språkval.

Våra nior med språkval kinesiska går snart ut grundskolan. De har då under sina fyra år på Svea inte enbart lärt sig språket utan också fått en ökad kunskap och förståelse för landets historia, dess kultur och kinesiska traditioner.

I samarbete med Konfuciusinstitutet på Karlstads universitet har 13 av sveaskolans åk 9 elever tillsammans med 8 elever från Karlstad blivit inbjudna till Chendgu av Southwest Jiaotong University.

Enchanting China, Enchanting Chinese—CI@KAU Easter School is a 12-day program designed specifically for Swedish secondary school students.

The Easter School offers students a unique opportunity to experience Chinese culture.

The Easter School is designed to boost the communication between Sweden and Chinese students, to help Swedish students better their Chinese Mandarin and deepen their understanding of Chinese culture by immersing themselves in a real Chinese environment, so as to stimulate the enthusiasm of learning Chinese.

The Easter School is based in Chengdu, the capital of Sichuan Province, China. Chengdu, with a history of 4500 years of civilization, is the science and technology, trade, and business center and transportation and communication hub in the southwest region. For more than 2,000 years, Chengdu hasn't changed its name, location and layout. It is in the list of first batch of national historical cities and was awarded the title "Land of Abundance". In 2010, Chengdu was awarded "the City of Gastronomy" by UNESCO and it is the first city boasts this honor in Asia.

Southwest Jiaotong University was founded in 1896 and is one of China's oldest higher education institutions. SWJTU is the birthplace of China's modern education in transportation, mining & metallurgy and civil engineering. In 2011 it co-established the Confucius Institute in collaboration with Karlstad University.

The 12-day Easter School presents a fine selection of interesting courses in Chinese language and culture, including Chinese Mandarin, Paper-cutting, *taichi*quan, Chinese cooking, Chinese folk music, and Chinese calligraphy. The Easter School also aims at providing all participants an unforgettable stay, therefore, we will arrange students to visit prestigious places of interests in Chengdu city and Leshan city to experience the local traditional and historical cultures. Besides, participants have chance to get to know and interact with their Chinese peers, which will be interesting experience for them to understand Chinese youth.

SVEASKOLANS EGNA RESA TILL BEIJING

När vi rest så långt som till Chengdu, Kina, ska vi också uppleva några dagar i en fantastisk historia. Tre världsarv ska vi definitivt njuta av tillsammans. Flygresan dit tar bara drygt två timmar. Vi bor på ett hotell som ligger i gamla delar av Beijing och är fyllda med atmosfär från förr i tiden.

En dagsutflykt till Kinesiska muren. Vi ska gå på Mutianyu delen. Här är det färre turister och naturen sägs vara fantastisk.

Sommarpalatset med sin kejserliga trädgård. En enastående arkitektur som skulle föra känslan av kinas sjöar, berg, broar och palats tillsammans i staden.

Den förbjudna staden, världens största palats till ytan, där dynastierna bott och styrt över Mittens Rike i fem århundraden.
